NOTES

The delicateness of the pendant's petite cable juxtaposed with the bold circular shape of the pendant lends itself to a minimal and contemporary look.

Organic Collection

The Organic collection features a characteristic contour in its form. Energetic and asymmetrical, each glass shade is individually mouth-blown and hand-formed to give it a unique shape - no two pendants are ever the same.

The way that light beams through the contours of each different glass surface provides a thrilling light diffusion.

Presents beautifully as an individual piece or can be used within a cluster arrangement to form an elegant and unique feature.

Dover Collection

The Dover Collection features a timeless and universal design that brings a sense of modernity to what would be considered a traditional lantern style of lighting.

The Dover Collection's large scale and Old Bronze finish elicit robust characteristics. This is contrasted by the airiness that is seen in the spaciousness within the shade. The delicateness from diffusion of the light becomes the focal point of this substantial collection.

Minimal and versatile enough to be fitted with an assortment of accessories. The Orb Collection is modular with a wide range of possibilities.

Orb Dome Collection

Expanding on the timeless Orb Collection is the Orb Dome, where a half-sphere shade takes centre stage. The Dome evokes a slightly more impactful appearance. Notably in size, but also in the way in which the form of the Dome presents a contrasting buoyant character.

While the emphasis remains on the curvature and smoothness of simple spheres, the Orb Dome collection is a perfect way to incorporate statement pieces to any interior while maintaining a contemporary and minimal flair.
